Chemi Nutra Announces Relocation to Texas

Austin, TX – Chemi Nutra, a leading provider of proprietary, health benefiting nutritional supplement ingredient compounds announced today they have moved their North American office and warehouse to a new location in Austin, TX.

The address of the new location is 11100 Metric Boulevard, Suite 200D, Austin, TX 78758. The toll-free phone number will remain the same, 866.907.0400, while the new phone number is 512.823.2500 and the new fax number is 512.823.2506.

“We have been looking the past few years to move to a location where we can better serve our customers and where we can gain logistics advantages related to inbound goods from our manufacturing plants located in Italy and Brazil. And Texas was an easy choice for our relocation, because of their historically strong, pro-business attitude”, said Scott Hagerman, President of Chemi Nutra.

Chemi Nutra is the U.S. business unit of parent company Chemi S.p.A., a privately held pharmaceutical and nutraceutical company based in Milan, Italy. Chemi, with cGMP certified manufacturing facilities in Italy and Brazil, is best known in the US nutritional arena for its introduction of phosphatidylserine (PS), the popular dietary supplement which has been granted two qualified health claims by the FDA, and is used to enhance learning, memory, and concentration, exercise performance, and youthful wellbeing, and to reduce stress.
